After review of the file and related materials submitted with regard to the above noted application, pursuant to Title 38, M.R.S.A., Section 590 and Chapter 1 of the Department Regulations, the Department finds the following facts:

- I. Global Companies, LLC (Global) has requested the transfer of Air Emission License A-432-74-B-R from Fore River Properties, Inc. to Global Companies, LLC through a letter to the Bureau of Air Quality dated May 16, 2001. The facility is a bulk petroleum storage and distribution facility located in South Portland, Maine. Air Emission License A-432-74-B-R, was issued to Northeast Petroleum on May 2, 1995. The license was subsequently amended on July 9, 1996 (A-432-71-C-M) and August 21, 1996 (A-432-71-D-M). The license was also transferred from Northeast Petroleum to Fore River Properties, Inc. on March 13, 2001. The renewal for this license is currently being processed by the Department.
- II. The full name and address of the new owner is:

Global Companies, LLC
1 Clark Road
South Portland, ME 04106

The closing date for the purchase was May 16, 2001 and Global has assumed all obligations of the facility. A copy of the transaction was submitted to the Bureau of Air Quality on May 17, 2001.

- III. Global certifies that there will be no increase in air emissions beyond that provided for in the existing license, either in quantity or type.
- IV. Global states that they possess the technical and financial capacity to operate the facility. Global currently operates three oil terminals in Massachusetts and are one of the leading wholesalers of petroleum products in New England. They have throughput petroleum products at various South Portland oil terminals including the Fore River Properties terminal. Thus, the applicant feels confident that there is sufficient expertise in running the plant so as to operate completely within compliance of the license.
